PRICE TWO CENTS

LYNCHING IN GEORGIA

Colored Woman and Her Son
Shot to Death by Mob.

THREE OTHERS ALSO KILLED

All the Fatalities Resulted From an
Attempt to Capture a Negro Who
Had Attempted to Assault a White
Woman.

Claxton, Ga., May 22.—Two negroes lynched, one white man and two negroes dead, and seven other persons injured, is the result of an attempt to capture a negro who attempted a criminal assault upon Mrs. Laura Moore, a widow living near Manassas, Tattall county. The dead are:

John Hare, white farmer; Sam Padgett, negro, and his daughter, aged ten years.

Those lynched were Padgett's wife and son.

The injured are W. J. Pierson, shot in stomach and arm, probably fatally; James U. Daniel, shot in eye, may die; Dr. J. L. Kennedy, serious; son of Padgett, seriously; Flem Padgett, colored; two daughters of Padgett.

Fifteen persons surrounded the house of Sam Padgett, a negro, whom they suspected of harboring another negro who had criminally assaulted Mrs. Moore, and demanded to be allowed to search the house. Permission was given, but when within thirty feet of the house those inside the building opened fire on the posse, instantly killing John Hare and seriously wounding W. J. Pierson, James Daniel and Dr. J. L. Kennedy. The posse then returned the fire, killing Padgett and one of his daughters, aged ten, and wounding two other girls, aged six and thirteen, and two of Padgett's sons, aged twenty and twenty-two.

Retired for Reinforcements.

The posse then retired for reinforcements. The news spread rapidly and 500 armed men were soon on the scene and started in pursuit of the negroes, who had escaped. One of them was captured and taken before Mrs. Moore, but she failed to identify him. The negro, however, was identified as the man who shot Hare and he was started for Reidsville jail, together with Padgett's wife and son.

On the way the officers were overtaken by about seventy-five men, who took the prisoners from them. The woman was told to run and as she did so she was riddled with bullets, her son being shot to pieces where he stood.

The negro who attacked Mrs. Moore has not been captured, but it is reported that he is surrounded in a negro house and that in all probability he has been killed.

Sheriff Edwards, with deputies, took all the prisoners from the jail at Reidsville and left with them to elude the mob, which, it is reported, will attack the jail.

SIX MINERS MEET DEATH

Several Others Injured in a Collision
in Tennessee.

Dayton, Tenn., May 22.—While returning to their homes in Dayton from the mines of the Dayton Coal and Iron company, six white miners met death and several others were injured.

About 200 men were in coke cars on the short line of the company. Two heavily loaded freight cars that a yardman had been switching got beyond his control and plunged down a 35-foot grade into the rear end of the train carrying the miners.

Miners in the rear coke cars saw the runaway cars coming and endeavored to signal the engineer but he did not understand whether he was wanted to stop or go ahead. At

last, noticing the frantic signals of the men behind him, he came to a stop just as the heavy cars struck his train.

The dead miners are: John Teels, Daly Green, James Tower, Elijah Huff, Tom Jarnon and Bert Best.

Seven others were injured, one of whom, Tom Nelson, will die.

FIVE MEN CREMATED.

Four Others Seriously Burned by an
Explosion at a Furnace.

Pittsburg, May 22.—Two Americans well known mill men, and three foreigners were cremated and four foreigners were seriously burned when an explosion occurred at the Eliza furnace of the Jones and Laughlin Steel company, limited, in the Hazelwood district of the city. Of a crew of ten men at the furnace when the accident happened only one, a foreigner, escaped uninjured. The dead are:

E. B. Willard, assistant furnace superintendent; John A. West, head blower; three unknown foreigners.

The names of the four foreigners who were injured are not known. They were hurried to a hospital.

The men were about ready to draw off the molten metal when the ore slipped, falling to the bottom of the furnace. The heavy weight of the ore forced the gas with terrific pressure through the first dust catcher, which was unable to stand the strain and burst and before the men could escape they were caught by the flames.

HOME RULE OR NOTHING

Convention at Dublin Repudiates Government's Plan.

Dublin, May 22.—The largest, most representative and most harmonious convention which ever assembled in Ireland repudiated the plan for a limited Irish council, which was all the Liberal government had to offer in fulfillment of its campaign promises. This action killed the hope of any home rule legislation by the present parliament, created a serious split in the government's forces and may have far-reaching results.

The temper of the convention was plain from the beginning. No one had a word to offer in behalf of the bill. Home rule or nothing was the unanimous sentiment and the resolution rejecting the measure proposed by John E. Redmond commanded every vote.

The Irish parliament had been deluged with resolutions from town councils and all sorts of official and unofficial bodies since they arrived in Dublin, all denouncing the bill. The country spoke in an unmistakable voice and the Irish members of parliament cheerfully acquiesced in its will.

Three thousand delegates came here to attend the convention and soon after the doors of the Mansion House were opened it was impossible to get into the building, which was packed uncomfortably. The gathering was quieter than most Irish political meetings. It lacked the spirit of the old home rule gatherings, when Davitt, Dillon, Healy and other fiery orators had the center of the stage. The speeches were temperate and there was little denunciation of the government and except for the outbreak of a priest, who attempted to make the bill a church issue and was rebuked, everything went smoothly. The American delegates were all greeted enthusiastically. The keynote of the speeches and of several resolutions was that the bill was an insult to Ireland.

Irish Bill Already Dead.

London, May 22.—It is the opinion of all the London papers that Mr. Birrell's Irish bill already is dead and the government organs bitterly lament the misfortune of the Irish secretary in seeing two important government measures, the education bill and the Irish council bill, miscarry in his hands.

TAKES ISSUE WITH BROWN

Ohio Publisher Says Senator Foraker
Will Again Be Elected.

Sandusky, O., May 22.—Sharp issue with the recent utterances of Chairman Brown of the state central committee was taken by I. F. Mack, the well known publisher of this city.

Mr. Mack, while disclaiming authority to speak for any person but himself, said that he was confident that the senior senator from this state would be returned to his seat without difficulty when the time arrived for choosing his successor. He asserted also that much of the criticism that has recently been directed against Senator Foraker in certain parts of the state was unjust and unreasonable.

Jury in Ouster Suit.

Austin, Tex., May 22.—A jury has been secured in the suit to ouster the Waters-Pierce Oil company from the state under the anti-trust laws. Without any ruling on the issue involved the jury unlike most juries in a civil suit is being kept in charge of the sheriff.

LAKE VESSEL BURNS

Steamer Naomi Catches Fire
on Lake Michigan.

FIVE MEN LOSE THEIR LIVES

Four of the Victims Were Coal Passengers and the Fifth Was a Passenger.
Seventy-five Other People Had a
Perilously Close Escape From Death.

Grand Haven, Mich., May 22.—Five lives were lost and about seventy-five people had a perilously close escape from death when the passenger and freight steamer Naomi of the Crosby Transportation company burned in the middle of Lake Michigan while on her regular trip from this port to Milwaukee. Four of the victims were coal passers penned down in the fore-castle by the flames, where many of the rescued passengers from the decks of the freighter Kerr and the steamer Kansas saw them at the portholes vainly imploring for help. J. M. Rhoades of Detroit, a passenger, was the fifth victim. He was terribly burned in his berth and died soon after reaching a hospital at Grand Rapids, Mich. The steamer was burned to the water's edge and has been towed into this harbor, where she lies at her dock, a smoldering hulk.

The fire broke out between decks in the forward end of the steamer. It spread with tremendous rapidity and it was apparent almost from the first that it was vain for the crew to fight the flames. They immediately turned their attention to arousing the passengers and getting them on deck. Headed by Steward Phillip Rossbach and Purser William Hanrahan, the members of the crew worked like heroes to save the sleeping men, women and children. Captain Traill sent up signals for help as soon as he discovered that his ship was afire and in a few minutes three steamers whose lights could be seen a few miles away came to the rescue. They were the steel freighter Kerr, the Kansas, a sister ship of the Naomi, and the Saxonia.

Boats and Rafts Destroyed.

Several of the life rafts and boats on the Naomi were destroyed before the crew could get them lowered. By the time the three steamers had reached the scene the Naomi's boats were in the water filled with people and a number of passengers were still huddled on the stern of the burning ship. The captain of the Kerr ran his big steel ship up under the Naomi's stern so close that the imperilled people leaped to her deck. Then the screams of the imprisoned coal passers were heard from the bow portholes. Vainly they begged for help. The portholes were too small for them to pass through and they were compelled to fall back into the smoke and fire, where they burned to death.

The Kansas took on board the half-clad and terribly shocked and frightened passengers and brought them to this port.

All of them were loud in their praise

of the Naomi's crew and their bravery and coolness. Steward Rosebach and Purser Hanrahan, who rescued Rhodes from his berth when the cabin was filled with flames, were especially commended.

THIRTY PERSONS INJURED

Electric Train and a Trolley Car
Collide.

New York, May 22.—Thirty persons were injured, some seriously, in a collision between a three-car electric train bound for New York from Coney Island and a trolley car of the Thirty-ninth street line at Bay Nineteenth and Eighty-sixth streets, Bath Beach. The collision occurred at a point where the two lines cross at right angles. The trolley car was struck by the electric train and almost every one of its passengers suffered injuries. Thirty of the most severely injured were taken to hospitals. As far as the physicians in attendance could judge no fatalities will result.

The conductors and motormen of both the electric train and trolley and the flagman stationed at the crossing were arrested.

MAY END CONTROVERSY.

Report of Presbyterian Committee on
Temperance.

Columbus, O., May 22.—The Presbyterian general assembly received and adopted a number of reports, including those of the board of home missions and of the board of education. The assembly adopted a resolution declaring that \$1,100,000 is the least sum which the churches can be asked to give to enable the board properly to carry through its work the coming year.

An interesting feature of the session was the presentation to the assembly of the Rev. R. W. Evans, moderator of the Welsh Presbyterian church, who announced that a movement had been started in that body looking to a union with the parent church. The announcement was received with prolonged applause.

The standing committee has reached an unanimous decision whereby it will present a report favoring the carrying on of temperance work along educational and scientific lines, to the exclusion of political activity. This action probably will put an end to the controversy.

Mexican Minister Departs.

City of Mexico, May 22.—According to the advices received by the state department, Minister Gamboa left Guatemala City and boarded the gun boat Tampico in the harbor of San Jose de Guatemala. The minister will go to the Salvadorean capital.

MUNICIPAL OWNERSHIP.

San Francisco Authorities Will Try
the Experiment.

San Francisco, May 21.—San Francisco is to have an experiment in municipal ownership of public utilities. The city will take over the Geary street railway. This decision was arrived at by District Attorney Langdon after a conference with Chairman Gallagher of the board of supervisors. That body will at once appropriate \$400,000 for the purpose and this sum will be added in the June budget to the \$350,000 already appropriated for the assumption of the railroad.

Express Themselves as Satisfied With Work

Mr. Seville and the engineer who came up with him unloaded the steam roller from the car Tuesday and then gave an exhibition of the machine on the streets of the city.

Alderman Drexler and Fogelstrom and other citizens who witnessed the work of the machine express themselves as well satisfied. Alderman Drexler was on the machine when it went down South Sixth street through the sand and up the Gardner hill and he states that it walked up the hill through the sand as easily as the macadamized street. The gentleman at the throttle and steering wheel demonstrated that it was possible to turn the seemingly unwieldy machine in a very short space and it seemed easily controlled and guided.

Peter Anderson, of Crow Wing, Had One
Born Sunday—The Extra Leg
Was Amputated

A peculiar freak in the shape of a colt with five legs was born Sunday last on the farm of Peter Anderson who lives three miles south of this city. The colt possessed an extra leg from the knee down. Believing that the demand for horses was better than that for freaks Mr. Anderson summoned Dr. DuFrene, who amputated the extra member and the animal bids fair to become a valuable work horse.

Beautiful Brainerd

Some pertinent paragraphs furnished by the press committees of the Civic League.

Give this movement your support.

Even the alleys are being cleaned today.

Good evening, have you used the rake?

Owners of some of the vacant lots are "cleaning up."

Tomorrow will be a good cleaning day if you did not do so today—but clean up.

"We have them all beaten; our ward will be a winner" is a remark credited to a Third ward citizen.

The young people of the Congregational church are to be congratulated for their originality in the cleaning day movement.

"After visiting the various wards of the city I believe the Third is hustling the most in this movement" was the comment of one party.

"Oil of Gladness has come to our city. Everybody is cleaning up. Second ward will have to hustle or some other ward will finish in this race for beauty" said one good citizen.

"Now don't say I will clean up when members of the Civic League have. It is for everybody; and every person in the city should take an active interest. Help your neighbors should they fall back" was the word given by an enthusiast.

"If THEY want to clean up Brainerd let them begin with so and so" is heard frequently. This is a public movement and it is up to YOU not THEY or THEM. If you think you have a valuable suggestion bring it to the meeting of the Civic League at the Commercial Club rooms Friday night.

SOO EXTENSION IS ABANDONED?

Work Stopped and Rumored
That it Will Never be Resumed
on Duluth Line

AGREEMENT WITH THE N. P.

Said That Soo Gets Morris
Branch and N. P. Gets Traffic
From Little Falls

Duluth, Minn., May 22.—Reports regarding the stopping of work on the Duluth extension of the Soo road have been the cause of a good deal of speculation locally as to the plans of the Soo in this connection. Officials of the road, in giving out the information that nothing more would be done this year toward extending the line to Duluth, allowed it to be understood that later on the original plans would be carried out, but it is now claimed that construction work has been abandoned altogether, for several years at least, as the result of an agreement with the Northern Pacific whereby the latter road will handle all the Soo business into Duluth.

Extending the Soo to the Head of the Lakes would cut extensively into the business of both the Northern Pacific and Great Northern, and these roads are naturally opposed to the appearance of a rival upon the field. The Northern Pacific has a line running from Little Falls, Minn., to Morris, Minn., and it is understood that it has offered to sell the branch to the Soo at a very reasonable figure on condition that the Duluth extension work be abandoned, and including in the terms of the agreement a contract for handling the Soo business to the Head of the Lakes. The branch in question crosses the main line of the Soo at Glenwood, Minn., and Soo business could readily be transferred at Glenwood and turned over to the Northern Pacific at Little Falls, giving almost a direct haul to the Head of the Lakes. Glenwood is only a few miles north of the point where the extension of the Soo to Duluth was to leave the main line.

Of course, there has been no official announcement that action in this direction will be taken, but the fact that the Soo has apparently decided to abandon work on the Duluth extension, temporarily at least, lends color to the story. Possibly the work is merely being suspended while the proper amount of consideration is being given any proposition the Northern Pacific may have had to offer, or is yet to offer, and if no satisfactory agreement can be reached, work on the extension will be taken up again. The Morris extension of the Northern Pacific is said to be no material benefit to the road, because virtually the same territory is tapped by the Great Northern.

BAND CONCERTS THIS SUMMER

Brainerd Band Reorganized and
Will Give Concert One Evening
Each Week

OVER \$200 HAS BEEN RAISED

Alderman Zakariasen has Taken
the Matter up and is Raising
the Funds

The Brainerd band has reorganized and will give band concerts in the Northern Pacific park on Front street one evening each week. Alderman Zakariasen took up the matter of raising funds by private subscription, when it was found that the city council could not legally do anything in that way and last night he had over \$200 raised as the result of an afternoon's work. There are many expenses in connection with maintaining a first class band which few not interested in bank work realize. Instruments are expensive and so are uniforms, and both must be kept up to date. Besides that there are the ever recurring expenses of new music, rent, light and heat for a band room for meeting and practice. The boys are not out for the stuff, but they do feel if they put in the time and work necessary to give Brainerd a band of which she may well be proud, they should not be obliged to go down into their pockets to pay the expenses. Subscription papers will not

only be circulated among business men, but also among the men at the shops and other citizens, it being considered of interest to the whole town, not merely to the business men. If you can not give a large sum give a small one so that the boys will feel that you appreciate their efforts to entertain you.

The band members met the other night and organized with the following officers:

Pres.—John Keibler.

Sec.—W. W. Latta.

Treas.—Geo. Putz.

Manager—Ole Peterson.

Prof. W. P. Bartsch, who is one of the best tuba players in this state, as well as a band instructor of experience has consented to take the leadership, and the boys, who are all experienced musicians, expect to give their first concert in about three weeks.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

Hook and Ladder Election

At the annual meeting of Brainerd Hook and Ladder Co. No. 1 held on Tuesday evening at the Central hose house the following officers were elected for the ensuing year:

Foreman—Henry McGinn.

First Ass't.—S. H. Parker.

Second Ass't.—C. D. Johnson.

Treasurer—C. H. Paine.

Secretary—W. A. Spencer.

The delegates elected to attend the annual state firemen's association at St. Cloud on June 4-5 were N. H. Ingersoll and F. G. Hall, the alternates being A. L. Hoffman and C. H. Paine.

WOMAN'S RIGHTS.

The Dignity and Sacredness of Motherhood.

Think of the greatest man who has ever lived upon this earth, and then think of him as he lay, an infant, in his mother's arms. Does it seem possible that he should have grown, become great in the world's estimate and perhaps had monuments erected to perpetuate his memory, and yet that the world should have forgotten even the name of the woman who bore him? The son's work is the mother's primarily and, therefore, the recognition of the dignity and tender sacredness of motherhood should no longer be delayed. It is high time that this country's greatest treasures—THE WOMEN WHO HAVE CONTRIBUTED LARGELY TO MAKE IT WHAT IT IS—should be recognized.

Why should not these good mothers be given the right to vote and have a voice in our government—a right that is accorded to some of the most ignorant, most insignificant and vilest of men?

It has been well said that "for every monument to a great man there should be a monument to his mother and the mother's monument should be built first."

But it is not so much the purpose of this brief article to advocate the just rights and privileges due to the women of this country, although it has afforded the writer great pleasure to pen the foregoing brief tribute to their worth and just deserts, as it is to call attention to the fact that when broken down in health and strength by over-work, the too frequent bearing of children, the never ending toil, worry and care of the household, or by whatever may overtax the strength and delicacy of her sensitive system, there is one, tried and proven, safe remedy upon which she may rely to regain health, strength and the power to fully enjoy life.

That remedy is Dr. Pierce's Favorite Prescription—a remedy made wholly from the roots of native forest plants which have been proven to be most efficacious, reliable and safe in the cure of woman's peculiar weaknesses, periodical pains, irregularities, wasting and weakening catarrhs, pelvic drains and kindred ailments. It is a remedy, the makers of which print its formula on every bottle-wrapper and attest its completeness and correctness under oath; a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy, every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has more bona-fide cures to its credit than any other sold by druggists for woman's special requirements and the only one which contains no alcohol in its make up.

Delicate, weak, nervous women should especially shun the use of alcoholic medicines which, from their stimulating and exhilarating effects may seem, for a time, to do good, but which, from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood, are sure to do great and lasting harm in the long run. Besides they beget a craving for stimulants which is most deplorable. "Favorite Prescription" is the one remedy for woman's ills which contains no alcohol.

Only invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It can not possibly do harm in any state or condition of the system.

If a woman has bearing down, or dragging pains, low down in the abdomen, or pelvis, backache, frequent

headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks, or spots before her eyes, has melancholia, or "blues," or a weakening disagreeable, catarrhal drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. Being made of native American medicinal roots, and without alcohol, it is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic, "Favorite Prescription" imparts lasting strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine of unknown composition, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is of known composition and has a record of over forty years of cures and sells more largely to-day than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce invites all suffering women to consult him by letter free of charge. All letters of consultation are held as strictly private and sacredly confidential and all answers are returned in plain, sealed envelopes. Address: Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

IN THE HAYWOOD CASE

Taking of Testimony Expected to Begin Next Week.

GREAT BATTLE OF THE TRIAL

Will Come With the Introduction of Harry Orchard in Court—Believed That He Will Be on the Witness Stand for a Full Week.

Boise, Ida., May 22.—It is now predicted that the first witness testifying to circumstances connected with the crime in the Steenberg murder case will take the stand one week hence. There are still eight untried peremptory challenges; there is an additional vacancy created by the excusing for illness of Juror Orric Cole and under the ruling of Judge Fremont Wood the entire jury is still open to further examination.

The session scheduled for Thursday afternoon, already a short one, will be further shortened by the time necessary to hear the excuses of the special veniremen when they are assembled in court, but no doubt is expressed about the completion of the jury by adjournment on Saturday afternoon. Those who reduce the proposition to a mathematical calculation based upon the experience of the trial to date, predict that the jury will be finally sworn some time on Monday next; that the opening statement will be made on either Monday afternoon or Tuesday morning and that the first testimony will be taken on Tuesday.

It has not been decided whether James H. Hawley or Senator Borah will make the opening statement for the prosecution. They said that they had not considered the question, but would take it up later in the week. The prosecution continues to file the names of all witnesses to be used in the four cases pending and they now number nearly 200. Less than one-third of them will be called in the Haywood case.

Harry Orchard, the principal witness for the state, will probably be on the stand for a full week. His evidence in chief is expected to occupy from three to four days and his cross-examination nearly as long. It is believed that he will be called about one week from Thursday, assuming that the jury is sworn on Monday.

The great battle of the trial will come with the introduction of Orchard in court. It is expected that there will be a fight against admission at every important stage of his testimony and that he will be subjected to the strongest cross-examination that the combined ingenuity and cleverness of the defense can devise. Attorney E. F. Richardson will conduct the cross-examination of Orchard.

JOHNSON WAS MURDERED

Partner of Minnesota Man Suspected of the Crime.

Bemidji, Minn., May 22.—"We, the jury, find that John Johnson came to his death by being shot through the head with a shotgun in the hands of a person to the jury unknown."

This was the verdict rendered by the coroner's jury in the case of John Johnson, whose body was found in a badly decomposed state in Gull lake last Thursday.

The postmortem developed that Johnson had been shot with a twelve-gauge shotgun, the charge entering below the left eye, lodging in the brain.

In addition the skull had been broken in several places with a club or other instrument, there being a fracture above the upper teeth. The lower jaw also was broken.

The murder victim was an industrious, hard-working man. The fact that he was thrifty was his undoing. The \$100 certificate of deposit representing his savings furnishes ample motive for the crime.

Suspicion naturally falls on his companion, Peter Mathiesen, who worked with him, and who represented that Johnson had gone to Crookston and would not return. Mathiesen has disappeared.

SUMMONED BY SHERIFF.

New Venire of Talesmen From Which Schmitz Jury Will Be Chosen.

San Francisco, May 22.—Unless the present intentions of the prosecution are changed an elisor will not have any part in the selection of the jury that will try Mayor Eugene E. Schmitz on the five grand jury charges of extorting (with the assistance and by the connivance of Abraham Ruef) money from keepers of local French restaurants.

This determination was expressed by a ruling of Judge Dunne when he discharged from service all of the talesmen remaining over from the late Ruef venire and gave into the hands of Sheriff O'Neill the summoning of a new venire of fifty.

Whether it is the intention of the prosecution to ask the court to order Mayor Schmitz into custody pending his trial is not known.

Judge Dunne denied the motion of the defense for the substitution of trial judge.

Papke Meets His Match.

Davenport, Ia., May 22.—Billy Papke, the Spring Valley, Ill., fighter, found his match in Tony Caponi of Milwaukee in a fight before the Davenport Athletic club. Caponi slugged hard for fifteen rounds to a draw.

STOCK MARKET SUFFERS.

Another Sharp and Unexpected Slump in Prices Occurs.

New York, May 22.—The stock market suffered another sharp and unexpected slump Tuesday. Trading in Alameda Copper, American Smelting, Reading, Union Pacific and United States Steel was extremely active. Not declines for the day ranged from 7% for Smelting to 1% for United States Steel with losses of 2% in Alameda Copper, 2 in Reading, 4 in Union Pacific, 2% in Northern Pacific, 3 in Brooklyn Rapid Transit and 1% in Chicago, Milwaukee and St. Paul.

The market was active and weak directly after the opening with Smelting leading the list with a drop of more than 4 points in the first hour. After some stop loss orders had been uncovered a rally checked the decline until after noon when there was another break in which United States Steel was the chief sufferer at first. Later the pressure against Smelting was renewed and the whole list suffered heavily, Union Pacific particularly.

Heavy covering operations by bears caused a rally late in the day in which Smelting recovered 3 1/2 points of its early losses, but the market closed feverish and unsettled.

All sorts of rumors to account for the slump were put in circulation, but most of them were promptly denied. No facts developed to show that the movement was anything other than a bear raid coupled with the bull market in grain.

Nebraska Bank Robbed.

St. Louis, Mo., May 22.—Four robbers blew the safe of the Winnebago State bank at Winnebago, Neb., on the Indian reservation, thirty miles from here, and escaped with \$1,100. They fled in a buggy that had been hired from a local livery. The police arrested John E. Roe, alias "Hand and a Half Kelly," and George Myers.

Hyland Knocks Out Finucane.

Ogden, Utah, May 22.—"Dick" Hyland of San Francisco knocked out Billy Finucane of Chicago in the first half of the third round of what was scheduled as a 20-round contest here. He landed a terrific blow on the Chicagoan's solar plexus.
